Head's News

It has been another busy week across the school this week. I have popped into all the classes and seen some fantastic work going on. Year 6 have been learning about Sir Ernest Shackleton and have taught me a few facts. Year 4 have written some amazing newspaper articles and in computing were also editing photographs they had taken- some were very funny! Acorns are still exploring London and Sycamores are all enjoying their topic on the Victorians. Year 5 have been learning about Asia and Earthquakes and Maples have been taking part in some fabulous live online lessons with Miss Reynolds.

Thank you to all of you for your support this week with the Covid situation in school. I have had to make some difficult decisions and I always have the health and safety of the children and staff as my priority. We have been so lucky with cases until now so it was inevitable it would appear at some point. I have worked with the DfE, County and the Trust and they are all in agreement that the measures that are in place and exactly what they should be, if not better. If you ever have any concerns then please do not hesitate to contact me.

Miss Reynolds will be working from home for the next few weeks until her maternity leave starts on the 4th February. Miss Epsom will therefore be in school each day with Sycamore class. 

We are hoping to rearrange the KS2 cross-country run as soon as possible and will let you know about the dates once it has been reorganised. I know a lot of the children are very excited about the event. I will be spending the weekend doing a bit more training in preparation for the staff/adults' race.  

Have a lovely weekend.

Mrs Denby has not been in school this week, but in her absence a record has been kept of all the laps completed this week. A full update will follow in next week's newsletter.

Fire OR Fight?!

A fire was set in the marketplace.

The poor tailor, Mr. Tenzin, made this happen because he wanted to protest against the arriving wuying soldiers. Mr. Tenzin also told me he wanted the world to know that this was happening and hopefully Mr. Tenzin thought it would make a difference because he was not enjoying what is happening and wants to make that a better place again.

Afterwards, Mr. Tenzin had to go to hospital and things go to prison. After speaking to many people, it was clear Mr. Tenzin had made a difference.

When speaking to Mr. Tenzin, he said, "I knew what the unfortunate results would be, but this was what I want he wanted."
